European Prevention of  
Alzheimer's Dementia Consortium

## EPAD Deliverable 7.8

### Report on the EPAD Academy, including ERAP

#### Executive Summary

The EPAD Academy was created within the WP7 Business Model and Sustainability to strengthen the EPAD community, coordinate knowledge generation and engage the TDC network. It is expected that the EPAD academy will have special impact on young researchers' careers by tailoring its activities to the crucial needs of early career researchers working within EPAD. Such activities involve webinars, short-term exchanges, trainings, support towards publications, etc. The EPAD Academy will also encompass the EPAD Research Access Process, designed to facilitate access to EPAD LCS data, biological samples and MRI images for research purposes by internal and external researchers.
